Student ICT Acceptable Use Agreement

At Brompton Primary School, we use the Internet, computers and iPads for many learning tasks and information gathering. We want students to be safe while they are using these resources, and also responsible for what they do.

Please read and discuss this document with your child/ren, and help your child/ren to have an understanding of their responsibilities and acceptable behaviours when using the Internet, computers and iPads.

We ask parents of Junior Primary students to sign on behalf of their child/ren, and in Years 3 – 6 parents and students themselves are asked to sign. Students who do not return the Agreement Form may be restricted from using the Internet, computers or iPads.

This agreement must be read and acknowledged by all students prior to the use of any school ICT or department ICT facilities or services. This agreement applies to all on-site technology, software, loaned devices and personal devices connecting to the school network (including laptops, tablets, cameras and mobile phones).

EdChat use is covered under this student ICT acceptable use agreement that students and parents or carers sign each year.

Acceptable Use ...

Students connecting to the network either on a school issued device or personal device must comply with the following:

- Students must only use their own assigned computer network account.
- Students must not share personal information about themselves or other students with third parties, including their username or passwords.
- Students must not engage in chats or other communication with third parties except when done so as part of curriculum learning.
- AI software and websites should be used in an appropriate manner and not used for plagiarism or the creation of inappropriate or offensive content.
- Personal information should not be entered onto websites that are not controlled by the department, including writing aid, AI and chat websites (excluding EdChat).
- School ICT assets must not be used to access or share inappropriate content online, including sexually explicit materials, obscene depictions, harmful materials, illegal activities, profane or abusive language, or content that other students may find offensive.
- Web and email content filtering must not be circumvented to access content that has been deemed inappropriate for students.
- Software designed to circumvent web and email content filtering or other security controls must not be installed or used on devices. This includes unapproved VPN software, proxy websites, hacking tools or the use of built in device functions to bypass security controls.
- Hacking, cheating and plagiarism tools must not be installed or used on devices. This includes software that gives users an unfair advantage in games or other activities.
- Copyright materials (including games and movies) must not be illegally downloaded onto or accessed using school or department issued ICT assets.
- When using online communities, users must communicate kindly and respectfully at all times. Students must not participate in harassing or bullying other students online.

Student ICT Acceptable Use Acknowledgement

updated 06 February 2026

- Students must comply with website terms of use, including age restrictions, appropriate access to the site and use of resources.
- Students should not forward chain letters, spam or other unsolicited communications except to report these to ICT staff.
- Students must not participate in business activities that is not staff approved or done so as part of curriculum learning.
- Students must not violate any state or federal laws, including purchase of illegal items or substances, criminal activities punishable by law, etc.
- Students must not take photos or videos of another individual without their consent.
- Students should not use school or department ICT assets to stream or upload large volumes of data unless in the course of curriculum activities (e.g. streaming services such as Netflix, online gaming, livestreaming, etc).
- Students must not connect unapproved hardware to any school or department network.
- Students must not install unapproved software on school or department issued devices.
- Security software approved by the school should be installed on all devices connected to school network or other department networks.
- All students must report suspicious activity or violations of this policy to a staff member.

Our school reserves the right to monitor use of ICT assets used by students. Students that misuse assets or use assets in an inappropriate manner may have their access revoked.

Parents/Caregivers should actively monitor online behaviour and encourage children to follow cyber safe strategies at home and at school. If your child is feeling that they are being cyber-bullied, please contact the school immediately and we can assist you and your child with appropriate further action and outcomes.

Student ICT Acceptable Use Acknowledgement

updated 06 February 2026

Students

I have read and understood my obligations in relation to acceptable use of ICT assets at school. I understand that my access to the Internet and other computer resources may be revoked if I fail to comply with the policy, and acknowledge that my activities using ICT assets may be monitored by the school. As a student at Brompton Primary

As well, I agree to comply with the Acceptable Use Agreement Policy and ensure that:

- ✓ the BPS Student Acceptable Use Acknowledgement is completed before I am given access to systems. A User agreement may be re-signed if any major changes are made to the agreement or if I have been involved with any disciplinary action involving their unacceptable use.
- ✓ avoid any involvement with material or activities that could put personal safety at risk, or the privacy, safety or security of the school or other members of the school community.
- ✓ apply cyber-safety strategies and instructions when using social media.
- ✓ follow the school rules about acceptable use of computers and iPads.
- ✓ use the internet and email only with the permission of my teacher for research and other learning purposed according to the school policy.
- ✓ **STOP, GO BACK AND TELL** my teacher immediately if I see anything on a website that is unpleasant, inappropriate or makes me feel uncomfortable.
- ✓ follow copyright and academic honesty rules.
- ✓ print selected material only with teacher permission.
- ✓ respect the resources of the school and costs to the school when printing, emailing and using the internet.
- ✓ use social networking sites only with permission, and only for positive purposes.
- ✓ immediately report any damage or faults involving equipment or software, however this may have happened.

Parents, Caregivers and Legal Guardians

I have read and understood my child's obligations in relation to acceptable use of ICT assets at school. I understand that my child's access to the Internet and other computer resources may be revoked if they fail to comply with the policy. I have ensured that my child has signed this agreement, and discussed appropriate use and strategies to stay safe online with my child.

I understand that additional resources for parents on keeping children safe online is available on the eSafety Commissioner's website, [eSafety.gov.au](https://www.esafety.gov.au).

I consent to the use of Department endorsed technology products and services provided by the school for my child, including but not limited to Microsoft 365 and Google Workspace for Education and agree to the relevant terms and conditions of those products and services.
